08

Friends Work Here

Friends Work Here has all the trademarks of a classic New York loft – large windows, natural light, raw brick, and raw timber floors – but it’s also a collaborative space for the artistic community. Makers of things such as filmmakers, novelists, artists and photographers embrace an unorthodox and unstructured style.

Common areas, conference rooms, and private offices are all included in their big, move-in ready suites, which are suited to specific business needs. It's a terrific alternative for startups and enterprises who are rapidly expanding their crew because the company does not require you to sign a long-term lease.
